Description of Duties:

This is a technical position in a Purchasing Department responsible for purchasing supplies, equipment and services involving direct contact with suppliers, vendors and their commodities. The employee reports directly to and works under general supervision of a higher level staff member.

Scope of Examination

A multiple-choice written test will cover knowledge, skills and /or abilities in such areas as:

1. Principles and practices of purchasing

These questions test for candidates' knowledge of the principles guiding governmental purchasing operations and the ability to put them into practice. These questions may deal with but are not necessarily limited to such matters as the analysis of bids, the use of specifications, the award of contracts, the analysis of market factors that can affect the cost of a purchase, and the application of a set of rules to determine how to proceed with a purchase. Some arithmetic computation may be necessary. No specific knowledge of NYS purchasing laws, rules and regulations will be required to answer these questions.

2. Preparing written material

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

3. Understanding and interpreting written material

These questions test how well you comprehend written material. You will be provided with brief reading selections and will be asked questions about the selections. All the information required to answer the questions will be presented in the selections; you will not be required to have any special knowledge relating to the subject areas of the selections.

Calculators and Reference Materials:

Most civil service written tests do not require the use of a calculator or slide rule. However, the use of calculators is **RECOMMENDED** for this exam. Candidates have the option of bringing a hand-held, quiet, battery or solar-powered arithmetic calculator or a slide rule to the test room. Candidates will not be permitted to use calculators containing spell check, dictionary, language translator, address or telephone book, personal digital assistants, or typewriter keyboard features, or any similar devices. You may not bring books or other reference materials.

This written examination is being prepared and rated in accordance with Section 23(2) of the Civil Service Law. The provisions of the New York State Civil Service Law, Rules and Regulations dealing with the preparation and rating of examinations, as well as establishment and certification of eligible lists for positions in the classified service will apply to this examination.
